Kyle,
Please see my answers below.

A couple of follow up questions please:

- Given that the mayoral directive (No. 2021-2) that created the advisory committee said "membership on the AERDAC shall be selected by the mayor," why were you the one to select additional members, rather than the mayor?

I was charged with running the committee, which includes recruiting new and replacement members.

- Did the mayor approve of Spoerhase's appointment?

He was aware that Mr. Spoerhase had joined the committee.
